FOUND IT A FACT!

Catholic Schools Supported By Public School Funds.

A special to the Commercial Gazette from Norfolk, O., says five Directors of parochial schools, Xavier Schuchter, Joseph Remmel, John Schaefer, Alphonse Buckle, and Matthew Greiner, have been indicted for embezzling Public School funds for the maintenance of parochial schools in Bronson and Peru townships.

The charges were made by Catholics.

The two districts got each other by the ears, each claiming that the other was getting more public money than they were entitled to.

The State School Commissioner was notified, and D. B. Sharp, a young Democratic attorney of Columbus, was sent to make the investigation.

As a result of the investigation the matter was reported to the Grand Jury, and an indictment was found against the five Directors.

The affidavit charges that a portion of the School Fund of said district has been expended contrary to law, fraudulently and unlawfully misapplied by the officers of the school; that said public funds have been and are being misapplied and appropriated for the support of parochial schools, and to teach the Roman Catholic religion.

Mr. Sharp, in his report, corroborated the charges made in the affidavit.

John Tatman of Brookville married Miss Carrie E. Clemens at Cincinnati.

Chap Table.
Hats, Flowers and Baby Caps 25 cents each, this week only, at Mrs. W. L. Davidson's Millinery Parlor, 41 West Third street.

WILL PICNIC.

The Cotton Mills Employees Will Subulate at Dieterich's Park.

The three hundred operatives of the Mayville Cotton Mills will picnic at Dieterich's Park on the Fourth of July. The ladies of the West End Mission are making arrangements to give them a big dinner on the grounds, and they will send donations of provisions for that purpose.

GETTING WARM!

The Lexingtonians Are Being Stirred Up at Last.

A special from Lexington says the feeling between the Catholics and the members of the American Protective Association is becoming very bitter there.

Professor Walter Sims of Wisconsin is in the city and lectured to a large crowd at the Opera house one night and also to another good-sized audience the next night.

The Chief of Police was on hand with two Lieutenants, one Captain and a number of patrolmen to preserve the peace.

Nearly all these officers are Catholics, and this caused much complaint from the members of the Association.

Rev. Father James P. Barry, who has charge of St. Paul's Catholic Church there, is doing his fighting through the newspapers, contributing a column or so to the afternoon paper, and nearly as much in one of the morning papers.

This has caused much talk among the Protestants.

Mr. J. H. Rogers is in Minneapolis, Minn., on a visit to relatives.

A. H. Poe, representing the Louisville Courier Journal, is in the city.

Miss Salile Wood has returned home after a visit of several weeks in Cincinnati.

Dr. Louis Landman, the optician of Cincinnati, was a visitor to our city yesterday.

Miss Lucile Fisher of Cincinnati arrived last evening to be the guest of Miss Bessie Childs.

W. A. Cole the cigar man is visiting his many customers throughout the Central part of the state.

Mrs. B. W. Goodman, who has been visiting Mrs. J. W. Foxworthy at Mt. Carmel, has returned home.

Master David Levi of Portsmouth is the guest of his grandparents, Mr. and Mrs. M. Davis of Market street.

Mrs. Martin Bierley, after a visit to her mother, left for her home yesterday morning, accompanied by her son William.

Miss Margaret Redmond of Covington was one of those from a distance who was in attendance on the Redmond-Cahill wedding.

Mrs. J. M. Hunter of Louisville is visiting her mother, Mrs. Julia Morgan of West Second street, and her many friends in this city.

Mrs. W. A. Stusser, who has been visiting her parents, Captain and Mrs. Jacob Miller of East Fourth street, has returned to her home in Cincinnati.

Miss Birdie Garrison, who has been the pleasant guest of her friend, Miss Annie Nash of Hectorville for the past few weeks, has returned to her home in Clifton.

Mr. and Mrs. S. I. Stradley of Youngstown, O., old time residents of the city, are here visiting their daughter, Mrs. George E. Reidy, Mr. Stradley is Senior Vice of Tod Post No. 2 of Youngstown, and will be in the city a few weeks with relatives.

The Postmaster.
Isaac M. Lane, John T. Salisbury and Superintendent George H. Brodt of the Mayville Shoe Company went to Portsmouth yesterday afternoon.

They are there today making a tour of the shoe factories with a view of deciding the class of machinery that will be necessary for the factory here.

COMERIGHTALONG

Portsmouth Invites Herself to Mayville on the Fourth.

Portsmouth Tribune.

WHY NOT MAYSVILLE?
Our sister city down the river, Mayville, promises to have one of her old time Fourth of July celebrations this year. As we are all going away some place on the Fourth, why not go to Mayville? Royal good people down there.

Certainly, come right along! Bring your wives, your sweethearts, your sisters and everybody else's sisters and your cousins, and your aunts—bring your entire population and your bustling town as well;—we'll be glad to see you, them and it, and will do our level best to make your stay pleasant.

If residents of neighboring cities would visit each other often and get better acquainted there would be more happiness in the world.

AT DEATH'S DOOR

Father Redmond, a Native of Mayville, Dying at Paris.

Little Johnny Redmond?

We see him now, as we saw him forty years ago, a rollicking lad of few years, full of life and brimming over with childish pranks.

He was the son of the humble Irish parents, his father a garceur.

They came to this country from county Wexford.

When Johnny was about four years old, because a Priest, not being stationed for a short time in this city.

Afterward he was given the charge at Brookville, and it was while here that his devoted mother died.

Then Father Redmond was sent to Paris, and now the end comes that he has received the final rites of the Church and is liable to breathe his last at any moment.

Perhaps before these lines are read his spirit will have joined the sainted mother whose pride he was, and whose memory was by him more cherished than all the world beside.

It builds up wasted bodies, from weak nerves and nerve centers of irritability by supplying rich, abundant blood to build up the worn-out systems. When there is general debility, lassitude, a loss of appetite and a lack of interest in life that comes at this season, when one looks wretched, and feels as if over, this great modern remedy goes straight to the source of the weakness and immediately gives strength and a vigor of mind and body such as must follow perfect nutrition of every organ and part of the body.

The lives of thousands of men and women past middle age who think it time to stop work, might be prolonged to many years of usefulness if they would only use Paine's Celery Compound, the great modern blood and nerve restorative.

It will give new life, ambition and cheerfulness, as it did to Lewis C. Crossen of North Colchester, N. Y., who writes:

"I have gained health, a loss of great deal of food. I have been afflicted with insomnia, nervous chills, loss of strength, and poor digestion for some time. Also loss of memory, and all of these troubles are much better now. I have gained in weight since I commenced its use and am much better and stronger in every way. I shall recommend the Compound to all others."

Mrs. Ed. Huron of West Third street, who has been suffering for some days with a slight attack of typhoid fever, is now some better.

NOW CARE FOR THE AGED!

Summer, With Its Debilitating Weather, Is Here.

The Best of Thought and Care is Due to the Old People—For Them to Be Strong and Happy, Refreshing Sleep is Necessary—Paine's Celery Compound Must Now Be Taken.

Young people in the flush of health are apt to forget that the aged need help more frequently than they, to ward off weakness and to check disease.

Because there are no symptoms of any specific disease they think nothing can be done. They forget that the weaknesses of old age are general weaknesses, a difficulty of the slow organs of digestion and assimilation to properly feed the nerves and body.

The one great need, as for old, debilitating weather comes on, is for new, rich blood, free from the poisonous humors that invariably result from a stagnant condition.

The cereal with which Paine's Celery Compound quickly sends new

blood to every part of the body is shown by a stronger pulse, fuller heart beats, and a brightening of the spirits. Sleep becomes sound and refreshing, and rheumatism, sciatica, neuralgia, and other results of an underfed nervous system disappear.

The world of worn-out, nervous, feeble men and women is indebted to Professor Edward E. Phelps, M.D., L.D., of Dartmouth Medical School for the discovery of this great nerve regulator and blood purifier—the best and final fruit of a long life devoted to the study of weakness of nerve tissues, and its natural remedy.

Paine's Celery Compound gently stirs the workings of all the vital organs, feeds the nerves when waste in their tissues has exceeded the repair, and thus relieves nervous prostration, dyspepsia and disorders of the liver, kidneys and heart.

It builds up wasted bodies, from weak nerves and nerve centers of irritability by supplying rich, abundant blood to build up the worn-out systems. When there is general debility, lassitude, a loss of appetite and a lack of interest in life that comes at this season, when one looks wretched, and feels as if over, this great modern remedy goes straight to the source of the weakness and immediately gives strength and a vigor of mind and body such as must follow perfect nutrition of every organ and part of the body.

- FOR CONGRESS,
HON. SAMUEL J. PUGH,
OF LEWIS.
FOR JUDGE,
M. C. HUTCHINS.
COUNTY ATTORNEY,
GEORGE W. ADAMS.
FOR CLERK,
WILLIAM D. COCHRAN.
FOR JAILER,
JOHN JOHNSON.
FOR SHERIFF,
THOMAS F. MOORE.
FOR COMMISSIONER,
JOHN ASHBOURN.
FOR JURY DUTY,
J. DAVID DYE.
FOR SHERIFF,
T. P. BULLOCK.

His "old time religion" has always been good enough for SAM PUGH.

It will be gratifying to the friends of Mr. CLEVELAND to know that the Senate has adopted an amendment to the income tax bill which exempts his \$50,000 salary from its operation.

The gold reserve has dwindled to \$44,400,285, and it is still slipping away from Secretary CARLISLE. Unless the Administration develops better financing, THE LEDGER predicts that gold will be at a premium before the snowbirds put in their appearance.

The work of proving murderer PRINCE LERSTADT insane is now in progress at Chicago. DR. BRANDT and Fathers JOHN P. DOTTE and PETER J. MCDONNELL of the Holy Name Cathedral consider the prisoner insane. Anything to save the neck of the miserable Anarchist.

Our Democratic brethren are all torn up. They charge that Judge PUGH intends to use "boodle" to secure his election to Congress. Of course ROLLA HART was nominated by the Democrats for the sole reason that he is a poor man, and wholly unused to the methods of the boodler.

BRO. MARSH fires a number of amateur questions at Judge PUGH, and eventually expects Mr. PUGH to notice them. Well, Brother, if you'll tell us, "honest Injun," what you think of the condition of the Democratic State Treasury at Frankfort, and just where you think you are at, we'll engage that Judge PUGH will ease the pain in your stomach by answering your conundrums.

THE ASSASSINATION of President CARNOT of France makes the second President of a Republic that has met death at the hands of an Anarchist. These Devils appear to have a special grievance against free government. The war for their extermination cannot begin a bit too soon. They should be executed first and tried afterward, else we may have a repetition of the Prendergast farce in Chicago.

CONGRESSMAN AL. BERRY's chief business at Washington appears to be that of getting his friends in office. Not content with the field in Kentucky he reaches over to Cincinnati, where he recently secured the removal of a clique of men because they called Mr. CLEVELAND a "skin of putty." We unhesitatingly approve the justice of this act. The parties deserved removal, and more. Any person who would apply such an ill-fitting term to GROVER should not be in office. They should have called him the Oldest Young of the Sugar Brigade, and let it go at that.

Thomas A. Keith, who has been in New York for a week or so, was improving in the city.

Charles Weedon the driver accidentally fell off the Flamingburg bus a few days ago, but was not seriously hurt.

The salary of the Ripley Postmaster has been increased from \$1,500 to \$1,600. The new factories in the town did it.

Rev. Robert G. Patrick has returned home and will conduct Prayer-meeting tonight and the usual services on Sunday.

The earnings of the L. and N. for the third week in June were \$361,445, a decrease of \$22,553 from the same time last year.

John Mangan is a candidate for Constable in Magisterial District No. 1, composed of the First, Second and Third Wards.

John L. Ward, one of Sedoto County's best known citizens, died at Portsmouth Tuesday. He was born at Georgetown, Md. (now D. C.) February 24th, 1813.

During a storm at Lexington the roof was blown off Kentucky University and other damage was done about the old institution. The City Workhouse was stripped of roof, and nearly all the trees surrounding the residence of Judge James L. Mulligan were uprooted. The fine residence of Thomas J. Cassel of Loudoun Park was stripped of a slate roof, while the chimneys were blown down on the residence of Colonel John A. Gary.

Purely Business!

The columns of a newspaper represent a cash value. No paper can afford to give advertising or "booster" free any more than a merchant can toss over his counter free gifts of dry goods or shoes. A newspaper is an legitimate business institution. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

The continued calls upon THE LEDGER for free notices have become so burdensome that we are forced to publish the following terms:

For all notices of executions, expositions, divorces, sales, public entertainments, and for ordinary notices, resolutions of respect, etc., THE LEDGER will charge a cash value, and will not accept of anything but the cash value of the notice.

This does not include notices of local meetings or church services, which must not exceed ten lines in length.

THE LEDGER has contributed in the way of free advertisements hundreds of dollars, where other parties have scarcely contributed as many cents. The LEDGER has been, and is, friendly to all such enterprises, but the requests asked of us have become greater than we can bear, and altogether out of proportion to the service made by the newspaper supporters of such causes in the city or county. These notices are spoken in all kindness, with no desire to offend anybody, but solely in self defense.

HIS LAST WISHES REPECTED.

A Pained Story of Two Men Who Met Out West.

Francis's News.

Eugene Field was very much impressed by the custom of people on the Pacific slope, particularly the residents of the rugged California, of carrying firearms. Nearly every man carries a dirk or pistol. Men can almost daily be seen driving or riding with a shotgun or pistol lying on the buggy seat or slung over the shoulder.

He tells a story of two travelers meeting on a lonely plain. One started to put his hand on his pistol pocket, when the other instantly raised his rifle and shot him dead.

"I'll just take his pistol before leaving the scene," said the murderer, and putting his hand in the back pocket of his victim pulled out—not a revolver, but a pint bottle of whiskey!

"Well, that's really too bad," said the shooter to himself, "but I am perfectly justified, as I supposed he was teaching for his revolver." Then slowly uncocking the bottle and raising it to his lips he took a big drink, continuing as he finished. "Well, it's some consolation to know I have carried out the last wishes of the deceased!"
